GAS FURNACE – 58PAV/58RAV

EFFICIENT HEATING PERFORMANCE AT 80% AFUE

CUSTOM HEAT YOUR HOME WITH A CARRIER EFFICIENT 80% GAS FURNACE.

COMFORT

When winter comes knocking on your door, let Carrier protect you with custom made indoor weather from our 58PAV/58RAV gas furnace. Carrier's consistent efforts to improve indoor weather technology have paid off with the 58PAV/58RAV gas furnace. Offering energy efficient warmth with improved reliability and greater flexibility, this gas furnace is a great step toward building a complete custom made indoor weather system.

EFFICIENCY

Carrier's proven technology delivers energy savings and lasting value that you can count on. Offering up to 80% AFUE (Annual Fuel Utilization Efficiency), the 58PAV/58RAV gives you control over your budget and your indoor weather. Designed for durable, long-lasting operation, this gas furnace is an excellent choice for your family's comfort.

QUALITY

As the leader in the indoor weather business, Carrier puts its reputation on the line with every product we build. That's why we pay attention to every detail. For comfort, energy efficiency and long-lasting value and custom made indoor weather, choose the 58PAV or 58RAV gas furnace.

TECHNOLOGY

1. **Reliable, efficient ignition of the burner** is a result of the hot surface ignitor system. One of the most dependable ignition systems available, the hot surface ignition conserves gas because there is no standing pilot.
2. **Energy-efficient performance** of the Super-S heat exchanger and the inducer motor stretches your fuel dollar with superior heat transfer.
3. **Smooth operation** during start up is created by the slow opening gas valve.
4. **Protection** from potentially harmful flue gases is provided by Carrier's exclusive draft safeguard switch which automatically shuts down the furnace if a common vent becomes blocked.

58RAV Downflow

WARRANTY

Carrier protects your indoor weather with written component and product warranties. The heat exchanger is covered by a **20-year limited warranty**. The ignitor and control center are covered by a **one-year limited warranty.** The entire unit is protected by a **one-year limited warranty.** Carrier also offers extended warranties. Ask your Indoor Weather Expert for details.
